

a prayer for those with **CANCER**

LORD, I faithfully lift up my friends & family members with cancer & ask that You, as the Great Physician, would...

C = Calm their fears

LORD, teach them to cast all their burdens & worries at the foot of the cross & leave them there. In place of their anxiety, grant them peace that surpasses understanding. (Psalm 55:22; 1 Peter 5:7; Philippians 4:7)

A = Answer their questions

Grant them wisdom as they research all their options. Answer when they call upon You & show them things they don't know. Lead them in the way they should go. (James 1:5; Jeremiah 33:3; Psalm 25:5, 9)

N = Nurture their faith

Use this trial to grow & deepen their faith. Draw close & comfort them in their affliction. Help them to trust in You & affirm your goodness at all times. (Colossians 2:6-7; James 4:8; 2 Corinthians 1:3-4; Nahum 1:7)

C = Coordinate their care

Give their caregivers insight & understanding. Move believing friends to pray on their behalf. Help their doctors listen to concerns & clearly explain treatment plans. (Prov. 2:6; Col. 1:9; Rom. 12:12; James 1:19)

E = Ease their suffering

God, have mercy upon them, give them grace to endure their pain until You eliminate it entirely. Soothe their troubled spirit & wipe every tear from their eyes. (Psalm 30:10; 2 Cor. 12:9; Prov. 18:14; Rev. 21:4)

R = Restore their health

LORD, bind up their wounds. Bolster their immune system to work as You designed. You alone can heal completely & deserve all glory for doing so. (Matt. 15:30-31; Mark 2:17; Psalm 147:3, 139:13-16; Rom. 11:36)
